### PUBLIC PARTICIPATION

Brent Swain of East Ave. inquired about the possibility of re-painting the crosswalks within the Borough.

Rose Scouten relayed a message from Eric Morgan concerning windshield damage caused by either the Community Day banner or a cable over Main Street, due to wind/rain June 16, 2022. The Community Day

banner/cable was dislodged and caused scratching on a moving vehicle's windshield. Brian Cooper removed the cable, and reinforced the banner connections. Council will determine responsibility due to the fact the banner is the Community Day Committee's and the cable may have been installed by the Hose Co. Brian Cooper used a McKean Township bucket truck to put up the banner, and to reconnect after the incident. Suggestions were for Mr. Converse to get an estimate on repair, and check with his insurance company about his deductible. At that time either the Community Day Committee or Brian Cooper would reimburse Mr. Converse if that is that is Borough Council's decision.

Rose Scouten moved to adjourn at 6:20 p.m., with no objections.
